

Place	Total Power MW	Description	Year	Activities by SINT
Port Qasim (Pakistan)	70	Steam Turbine Generator	2020	Performance test
South Helwan (Egypt)	3x650	Fired steam generators 3 units	2019	Supply Instrumentation and Performance test
Eskisehir (Turkey)	2x23	Turbocompressors 2 units	2019	Performance test
Kars (Turkey)	3x23	Turbocompressors 3 units	2019	Performance test
Tuz Golu (Turkey)	3x23	Turbocompressors 3 units	2019	Performance test
Turaif (Saudi Arabia)	20	Turbogenerator	2019	Third party witness of performance test
Lumut (Brunei)	20	Turbocompressor	2019	Performance test, surge test, compressor mapping
Pulawy (Poland)	3x12	Reciprocating compressors 3 units	2019	Performance test
Brewton (Alabama - USA)	70	Steam turbine generator	2018	Performance test
Berakas (Brunei)	14	Organi Rankine Cycle turboexpander	2018	Performance test
Pulawy (Poland)	2x12	Reciprocating compressors 2 units	2018	Performance test
Eggendorf (Austria)	3x20	Turbocompressor 3 units	2018	Performance test, surge test
Gebeng (Malaysia)	35	Turbogenerator	2018	Performance test
Damietta (Egypt)	750	Heat recovery steam generators 4 units	2018	Supply Instrumentation and Performance test
Cairo 6th October (Egypt)	4x150	Heat recovery steam generators 4 units	2018	Instruments installation and data acquisition
Ruden (Austria)	2x25	Turbocompressors 2 units	2018	Surge test
Manfredonia (Italy)	14	Solid waste incinerator	2018	Supply Instrumentation and Performance test
Tarnow (Poland)	3	Reciprocating compressor	2017	Performance test
Alces (Canada)	13	Turbocompressor	2017	Performance test
Balingasag (Philippines)	3x55	Steam turbine generators 3 units	2017	Performance test
Al Shabab (Egypt)	1500	Heat recovery steam generators 8 units	2017	Supply Instrumentation and Performance test
Mirfa (UAE)	3x400	Heat recovery steam generators 3 units	2016	Supply Instrumentation and Performance Test
Pulawy (Poland)	2x12	Reciprocating compressors 3 units	2016	Performance test
Tema (Ghana)	2x100	Turbogenerator 2 units	2016	Supply Instrumentation and Performance test
Rignano Scalo (Italy)	12	Biomass Power Plant	2016	Supply Instrumentation and Performance test
Lumut (Brunei)	2x36	Turbogenerator 2 units	2016	Performance test
Oradea (Romania)	45	Turbogenerator 1 unit	2016	Supply Instrumentation and Performance test
Cordemais (France)	44	Heat exchangers	2016	Supply Instrumentation and Performance test
El Morro Casanare (Colombia)	33	Turbocompressor	2016	Performance test
Gorizia (Italy)	49	Combined cycle	2015	Supply Instrumentation and Performance test
Bolgiano (Italy)	42	Turbogenerator 1 unit	2015	Supply Instrumentation and Performance test

Place	Total Power MW	Description	Year	Activities by SINT
Greve in Chianti (Italy)	50	Combined cycle	2015	Supply Instrumentation and Performance test
Danghara (Tajikistan)	52	Turbocompressor	2015	Test procedure and model preparation
Ticumpinia (Peru)	30	Turbocompressor	2015	Test procedure and model preparation
PFLNG 2 (Malaysia)	2x43	Turbocompressors 2 units	2015	Test procedure and model preparation
PFLNG 2 (Malaysia)	4x25	Turbogenerator 4 units	2015	Test procedure and model preparation
Santorini (Greece)	11	Turbogenerator 1 unit	2015	Supply Instrumentation and Performance test
Le Havre (France)	44	Heat exchangers	2015	Supply Instrumentation and Performance test
Dukhan (Qatar)	1.3	Motocompressor	2015	Performance test
Manchester (United Kingdom)	55	Steam turbine	2015	Performance test
Giza (Egypt)	6x350	Heat recovery steam generators 6 units	2015	Supply Instrumentation and Performance test
Tin Fouyé Tabankort (Algeria)	23	Turbocompressor	2015	Test procedure and model preparation
Tarragona (Spain)	4	Motocompressor	2015	Test procedure and model preparation
Umm Shaiff (United Arab Emirates)	3x30	Turbocompressors 3 units	2015	Performance test
Sahil (United Arab Emirates)	2x10	Motocompressors 2 units	2015	Performance test
Asab (United Arab Emirates)	8	Motocompressor	2015	Performance test
In Salah (Algeria)	1x0.5	Turboexpander/Compressor 1 unit	2014	Expander and compressor performance test
In Amenas (Algeria)	6x5	Turbogenerator 6 units	2014	Supply Instrumentation and Performance test
Illizi (Algeria)	3x5	Turbogenerator 3 units	2014	Supply Instrumentation and Performance test
El Golea (Algeria)	2x5 + 3x10	Turbogenerator 5 units	2014	Supply Instrumentation and Performance test
West Qurna (Iraq)	3x40	Turbogenerator 3 units	2014	Performance test
Grossenkneten (Germany)	1x30	Turbogenerator 30 MW	2014	Performance test
Nesher (Israel)	1x40	Turbogenerator 1 unit	2014	Performance test
Assuit Dashour (Egypt)	4x30	Turbocompressors 4 units	2014	Gas turbine and compressor performance test
KKMC (Saudi Arabia)	1x30	Turbogenerator 30 MW	2014	Performance test
Habshan (United Arab Emirates)	8x40	Gas turbine Generator Set	2013	Performance test
Das Island (United Arab Emirates)	3x25	Gas turbine driven centrifugal compressor train	2013	Performance test
West Burton (United Kingdom)	3 HRSG	Combined cycle power plant	2013	Supply Instrumentation and Performance test
Liepaya (Latvia)	1x3	Motocompressor	2013	Performance test
Tersanne (France)	2x3	Reciprocating compressors	2013	Performance test
Greve in Chianti (Italy)	12	Steam turbine generator	2013	Performance test
Homer (Alaska - USA)	40	Steam turbine generator	2013	Performance test
Portogruaro (Italy)	17	Steam turbine generator	2013	Performance test

Place	Total Power MW	Description	Year	Activities by SINT
Marib (Yemen)	1x30	Gas turbine driven centrifugal compressor train	2013	Performance test
Cotignola (Italy)	2x6	Reciprocating compressors	2013	Performance test
Ruden (Austria)	2x25	Gas turbine driven centrifugal compressor train	2013	Performance test
Baumgarten (Austria)	2x25	Gas turbine driven centrifugal compressor train	2013	Performance test
Arenales (Spain)	1x55	Steam turbine generator thermosolar plant	2013	Test procedure and model preparation
Qafco (Qatar)	1x40	Gas turbine generator and HRSG recovery system	2013	Test procedure and model preparation
Etzel (Germany)	2x15	Motocompressor	2013	Performance and surge test
Asab (United Arab Emirates)	15	Gas turbine driven centrifugal compressor train	2012	Test procedure and model preparation
Izmit (Turkey)	30	Steam turbine generator	2012	Test procedure and model preparation
Fernandina Beach (Florida - USA)	15	Steam turbine generator	2012	Test procedure and performance test
Mesaieed (Qatar)	1 HRSG	Combined cycle power plant	2012	Test procedure and model preparation
Mesaieed (Qatar)	35	Gas turbine Generator Set fuel gas	2012	Test procedure and model preparation
Das Island (United Arab Emirates)	25	Gas turbine driven centrifugal compressor train	2012	Test procedure and model preparation
Sines (Portogallo)	5.5	Reciprocating moto compressor train	2012	Test procedure and model preparation
Karan (Saudi Arabia)	10	Steam turbine driven centrifugal compressor train	2012	Test procedure and model preparation
Badajoz (Spain)	55	Steam turbine generator	2012	Test procedure and performance test
Marib (Yemen)	30	Gas turbine driven centrifugal compressor train	2012	Performance test
Idku (Egypt)	5x20	Gas turbine driven centrifugal compressor train 5 units	2012	Performance test
Torino (Italy)	1 HRSG	Combined cycle power plant	2011	Performance test
Al Jalamid (Saudi Arabia)	3x20	Gas turbine Generator Set fuel gas 3 units	2011	Performance test, including exhaust gas emissions and noise
Sluiskil (Netherlands)	16	Steam turbine driven centrifugal compressor train	2011	Test procedure and model preparation
Ras Laffan - Shell Pearl (Qatar)	30	Gas turbine Generator Set fuel gas	2011	Performance test, including exhaust gas emissions
Rayong (Thailand)	3x40	Gas turbine Generator Set fuel gas with steam injection	2011	Performance test, including exhaust gas emissions
Montesano (Italy)	16	Gas turbine driven centrifugal compressor train	2011	Test procedure and model preparation
Dukhan (Qatar)	1.5	Reciprocating moto compressor train	2011	Test procedure and model preparation
El Gamil (Egypt)	25	Gas turbine driven centrifugal compressor train	2011	Performance test
Greve in Chianti (Italy)	45	Gas turbine Generator Set fuel gas with water injection	2011	Performance test
Hassi R'Mel (Algeria)	6x30	Gas turbine driven centrifugal compressor train	2010	Performance test
Valona (Albania)	100	Combined cycle steam and gas 1 GT + 1 ST	2010	Correction curve simulation, supply instrumentation plant and main componentes performance test
Khursanyah (Saudi Arabia)	2x10	Moto compressor train	2010	Performance test
Porto Coronel (Chile)	400	Coal fired power plant	2010	Test procedure and model preparation
Mellitah (Libya)	1x30	Gas turbine driven centrifugal compressor train	2010	Test procedure and performance test

Place	Total Power MW	Description	Year	Activities by SINT
Khursanyah (Saudi Arabia)	2x13	Moto compressor train	2010	Performance test
Darquain (Iran)	2x15	Moto compression three phases train	2010	Performance test
Habshan (United Arab Emirates)	2x30	Gas turbine driven centrifugal compressor train	2010	Performance test
Khursanyah (Saudi Arabia)	2x13	Moto compressor train	2010	Performance test
Malzenice (Slovak Republic)	1 HRSG	Combined cycle power plant	2010	Supply instrumentation and performance test
Gonyu (Hungary)	1 HRSG	Combined cycle power plant	2010	Supply instrumentation and performance test
Mongstad (Norway)	1x30	Steam turbine generator	2010	Performance test
Nubaria (Egypt)	2 HRSG	Combined cycle power plant	2010	Supply instrumentation and performance test
Habshan (United Arab Emirates)	2x15	Steam turbine driven centrifugal compressor train	2010	Performance test
Bintulu LNG (Malaysia)	60	Gas turbine propane compression train	2010	Performance test
Bintulu LNG (Malaysia)	75	Gas turbine mixed refrigerant compression train	2010	Performance test
Thailand	2x40	Gas turbine Generator Set fuel gas with steam injection	2010	Performance test
Tin Fouye Tabankort (Algeria)	2x30	Gas turbine driven centrifugal compressor train	2010	Performance test
Bir Rebaa Nord (Algeria)	1x0.4	Moto compressor train	2010	Performance test
Hassi R'Mel (Algeria)	2x30	Gas turbine driven centrifugal compressor train	2009	Performance test
Beregdaroc (Hungary)	3x10	Gas turbine driven centrifugal compressors	2009	Performance test (3 units)
Sbeitla (Tunisia)	3x22	Gas turbine driven centrifugal compressors	2009	Performance tests (3 units)
Messina (Italy)	22	Gas turbine driven centrifugal compressor	2009	Performance test
Austria	3x22	Gas turbine driven centrifugal compressors	2009	Performance tests (3 units)
Hofuf (Saudi Arabia)	40	Gas turbine Generator Set fuel oil with water injection	2009	Performance test
Mittelbrun (Germany)	1.5	Centrifugal compressor	2009	Performance test
Indonesia	80x2	Gas turbine driven LNG compressor trains	2009	Performance test
Saint Jaquin (Venezuela)	26	Gas turbine generator set	2009	Performance test pre scheduled inspection
Irshing (Germany)	280	Heat recovery steam generator	2009	Performance test
El Gamil (Egypt)	11	Gas turbine generator set	2009	Performance test
Taranto (Italy)	180	Syngas combined cycle power plant - Module 2	2009	Plant Performance test
Tarragona (Spain)	4.5	Steam turbine driven centrifugal compressor	2009	Performance test
Khorba (Tunisia)	3x22	Gas turbine driven centrifugal compressor	2009	Performance test, including exhaust gas emissions and noise (3 units)
Bucarest (Romania)	4.9	Motor drive centrifugal compressor	2009	Performance test
Forli (Italy)	12	Cogeneration power plant	2009	Performance test of turbogenerator
Sbeitla (Tunisia)	3x30	Gas turbine – centrifugal compressor 3 new unit	2008	Performance test of turbocompressors
Rayong (Thailand)	40	Gas turbine generators 1 unit	2008	Performance test of turbogenerator

Place	Total Power MW	Description	Year	Activities by SINT
Capo Bon (Tunisia)	30	Gas turbine – centrifugal compressor 1 new unit	2008	Performance test of turbocompressor
Offshore (Angola)	150	Turbo-compressors and electric motor driven compressors	2008	Performance test of 4 turbo compressor section and turbogenerators
Turbigo (Italy)	800	Combined cycle steam and gas 2 GT + 2 HRSG + 1 ST	2008	Supply and installation of instrumentation new performance test of two boilers, and steam turbine
Livorno Ferraris (Italy)	800	Combined cycle power plant	2008	Performance test of two boilers, total additional instrumentation
Offshore (Angola)	120	Gas injection platform	2008	Performance test of turbogenerator and compressors
Alvin (Texas - US)		Lunch pig test desk	2008	Flow measurements
Ferrara (Italy)	14	Cogeneration power plant	2008	Performance test of turbogenerator
Capo Bon (Tunisia)	3x30	Gas compression station 3 units	2008	Surge and performance test of turbocompressors
Tupras (Turchia)	40	Steam turbine power plant	2008	Performance test of turbogenerator
Taranto (Italy)	180	Syngas combined cycle power plant - Module 3	2008	Plant Performance test
Taranto (Italy)	180	Syngas combined cycle power plant - Module 1	2008	Plant Performance test
Beregovaya (Russia)	30	Turbogenerators 3 units	2007	Performance test of turbogenerator
Siracha (Thailand)	40	Gas turbine generators 1 units	2007	Performance test of turbogenerator
Simeri Crichi (Italy)	800	Combined cycle steam and gas 2 GT + 2HRSG + 1 ST	2007	Performance test of two boilers and steam turbine, total additional instrumentation
El Caracol, Raynosa (Mexico)	60	Gas compression station 6 units	2007	Surge and performance test of turbocompressors
Los Indios, Raynosa (Mexico)	60	Gas compression station 6 units	2007	Surge and performance test of turbocompressors
Capo Bon (Tunisia)	90	Gas compression station 3 units	2007	Surge and performance test of turbocompressors
Turbigo (Italy)	800	Combined cycle steam and gas 2 GT + 2HRSG + 1 ST	2007	Boilers and steam turbine performance test, total additional instrumentation
Algeria gas station	30	Gas compression station 1 unit	2007	Performance test of compressor train
Messina (Italy)	30	Gas compression station 1 unit	2007	Performance test of turbocompressor
Bilbao (Spain)	45	Steam turbine cogeneration power plant from RSU	2007	Performance test of steam turbine
Berlin (El Salvador)	40	Geothermal power plant	2006	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Sur (Oman)	4	Reciprocating compressors performance test	2006	Performance test
China gas station	30	Turbocompressor 1 unit	2006	Performance test
Torviscosa (Italy)	760	Combined cycle steam and gas 2 GT + 1 ST	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Rayong (Thailand)	80	Gas turbine generators 2 units	2006	Performance test of turbogenerators
SaiYok (Thailand)	25	Turbocompressor 1 unit	2006	Performance test of turbocompressor
Candela (Italy)	400	Combined cycle steam and gas 1 GT + 1 ST	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Altomonte (Italy)	760	Combined cycle steam and gas 2 GT + 1 ST	2006	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Yeosu (Korea)	30	Gas turbine generator 1 unit	2006	Performance test of turbogenerator
Kirkarelli (Turkey)	11	Steam turbine generator 1 unit	2006	Performance test of turbogenerator
Larderello (Italy)	40	Steam turbine generator with gas extraction unit in geothermal plant 1 Unit	2006	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Hyderabad (India)	5	Turbocompressor 1 unit	2006	Supervision of performance test department of BHEL

Place	Total Power MW	Description	Year	Activities by SINT
Sur (Oman)	110	Gas turbine - compressors on LNG plant 2 units	2006	Performance test of turbocompressors
Piacenza (Italy)	800	Combined cycle steam and gas 3 GT + 1 ST	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Sur (Oman)	2x30	Turbogenerators 2 units	2005	Performance test of turbogenerators
Gorizia (Italy)	100	Combined cycle steam and gas 1 GT + 1 ST	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Blue Stream pipeline (Russia)	6X30	Turbocompressors 6 units	2005	Performance test of turbocompressors and noise level test
Hassir' Mel SBS (Algeria)	25	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Hassir' Mel SBC (Algeria)	25	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Hassir' Mel SBN (Algeria)	25	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Terranuova Bracciolini (Italy)	25	Turbocompressor 1 unit	2005	Noise level test
Fano (Italy)	10	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Hassi Messaoud (Algeria)	100	Turbocompressor 1 unit	2005	Performance test procedure, supply and installation of instrumentation, performance test and noise level test
Ferrara (Italy)		Reciprocating compressors	2005	Measurement of inter-refrigeration flow on reciprocating compressors with ultrasonic technique
Gallese (Italy)	25	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Cordoba (Spain)	10	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Balikpapan (Indonesia)	25	Turbocompressor 1 unit	2005	Performance test of turbocompressor
Ourhoud (Algeria)	7	Centrifugal compressors with electric motor	2005	Supply and installation of instrumentation and performance test of turbocompressor with new gear-box
Moncalieri (Italy)	380	Combined cycle steam and gas 1 GT + 1 ST	2005	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Taranto (Italy)	4	Centrifugal compressor	2004	Surge test on centrifugal compressor
Off Shore (Angola)	25	Turbo-compressors and electric motor driven compressors	2004	Performance test of compressor section
Longview (USA)	20	Steam turbine generator 1 unit	2004	Performance test of turbogenerator
Modena (Italy)	10	Steam turbine generator 1 unit	2004	Performance test of turbogenerator
Tarragona (Spain)	5	Turbocompressor 1 unit	2004	Supply and installation of instrumentation and performance test
Dukhan Field (Qatar)	30	Turbocompressor 1 unit	2004	Supply and installation of instrumentation and performance test
Kadanwary (Pakistan)	25	Turbocompressor 1 unit	2004	Supply and installation of instrumentation and performance test
Wafa coast (Libya)	90	Combined cycle 3 recovery units	2004	Supply and installation of instrumentation and performance test of turbounits and heat recovery units
Wafa desert (Libya)	90	Combined cycle 3 recovery units	2004	Supply and installation of instrumentation and performance test of turbounits and heat recovery units
Ourhoud (Algeria)	4	Electric motor driven centrifugal compressors for reinjection	2004	Performance test of compressors
Piombino (Italy)	100	Turbogenerators 2 units	2004	Noise level test
Ulsan (Korea)		Centrifugal compressors	2004	Surge test on centrifugal compressor
Avenza (Italy)	30	Turbogenerators for off-shore module - noise level test	2004	Noise level test
Bologna (Italy)	30	Incinerating plant with RSU 1 unit	2004	Performance test procedure, supply and installation of instrumentation, performance test
Capo Bon (Tunisia)	30	Gas turbine – centrifugal compressor 1 unit	2004	Performance test of turbocompressor
Oldmouc (Czech Republic)		Screw type air compressor	2004	Supervision to unit test

Place	Total Power MW	Description	Year	Activities by SINT
Tarsia (Italy)	116	Gas turbine - centrifugal compressors	2004	Noise level test
Camisea (Perù)	30	Gas turbine – centrifugal compressor 1 unit	2004	Performance test of turbocompressor
Piombino (Italy)	100	Centrifugal compressor	2004	Surge test on centrifugal compressor
Phu My (Vietnam)	30	Gas turbine Generator 1 unit	2004	Supply and installation of instrumentation and performance test of turbogenerator
Verzuolo (Italy)	40	Steam turbine Generator 1 unit	2004	Noise level test with intensimetric technique
Roma (Italy)	30	Gas turbine Generator 1 unit	2004	Supply and installation of instrumentation and performance test of turbounit and recovery unit
Roma (Italy)	4	Steam turbine generator in incinerating plant for hospital	2004	Supply and installation of instrumentation and performance test of steam turbine generator and boiler
Belo Horizonte (Brazil)	220	Combined cycle with gas turbine plus saturator and steam turbine 1 GT + 1 ST	2004	Technical consultancy on plant performance
Cagliari (Italy)	6	Steam turbine generator in sulphuric acid production plant 1 Unit	2004	Supply and installation of instrumentation and performance test of steam turbine generator
Dukhan Nord (Qatar)	10	Gas turbine – centrifugal compressor 1 Unit	2003	Supply and installation of instrumentation and performance test of turbocompressor
Honam (Korea)	20	Steam turbine Generator 1 unit	2003	Performance test of turbogenerator
Queretaro (Massico)	1.2	Centrifugal compressor with electric motor 1 unit	2003	Supply and installation of instrumentation and performance test of compressor
Ourhoud (Algeria)	7	Centrifugal compressor with electric motor 1 unit	2003	Supply and installation of instrumentation and performance test of compressor
Piombino (Italy)	50	Combined cycle steam and gas 2 GT + 1 ST	2003	Supply and installation of instrumentation and performance test of turbogenerators
Poggibonsi (Italy)	1	Steam turbine Generator 1 unit	2003	Supply and installation of instrumentation and performance test of turbogenerator
Ampa Fairley (Brunei)	50	Heat recovery steam generator with additional firing	2003	Supply and installation of instrumentation and performance test of recovery units
Ampa Fairley (Brunei)	30	Gas turbine – centrifugal compressors 2 units	2003	Supply and installation of instrumentation and performance test of turbocompressor
Ruswil (Switzerland)	28	Combined cycle steam and gas 2 GT + 1 ST	2003	Supply and installation of instrumentation and performance test of steam turbine generator
TAYMA (Saudi Arabia)	50	Gas turbine - generators 2 Units	2003	Supply and installation of instrumentation and performance test of turbogenerators
La Pampilla (Perù)	10	Gas turbine - generator 2 Unit	2003	Supply and installation of instrumentation and performance test of turbogenerator
Larderello (Italy)	30	Steam turbine generator with gas extraction unit in geothermal plant 1 Unit	2003	Supply and installation of instrumentation and performance test of turbogenerator- condenser unit
Belo Horizonte (Brazil)	220	Combined cycle steam and gas 2 GT + 1 ST	2003	Supply and installation of instrumentation and performance test of thermal cycle and power plant overall performance evaluation
Voghera (Italy)	10	Cogeneration plant with reciprocating gas engines	2003	Supply and installation of instrumentation and performance test of compressors
Verzuolo (Italy)	116	Combined cycle steam and gas 2 GT + 1 ST	2002	Test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Balan (France)	11	Gas turbine Generator 1 unit	2002	Supply and installation of instrumentation and performance test of turbogenerator
Arar (Saudi Arabia)	18	Gas turbine Generator 1 unit	2002	Supply and installation of instrumentation and performance test of turbogenerator
Pigap (Venezuela)	25	Gas turbine – centrifugal compressor 1 unit	2002	Supply and installation of instrumentation and performance test of turbocompressor
Vitoria (Spain)	38	Gas turbine Generator 1 unit	2002	Supply and installation of instrumentation and performance test of turbogenerator
Sarroch (Italy)	551	Combined cycle steam and gas 3 Units GT + gen.+ ST	2002	Test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test - emissions test
Hassi Messaoud Ouest (Algeria)	318	Gas turbine – centrifugal compressors 3 Units	2002	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Ruswil (Switzerland)	20	Combined cycle steam and gas 1 ST Unit	2002	Supply and installation of instrumentation and performance test of steam turbine generator
Ampa Fairley (Brunei)	25	Gas turbine generator – heat recovery unit 1 Unit	2002	Supply and installation of instrumentation and performance test of turbogenerator

Place	Total Power MW	Description	Year	Activities by SINT
Seraya (Singapore)	30	Gas turbine Generator 1 unit	2002	Supply and installation of instrumentation and performance test of turbogenerator
Ploiesti (Romania)	30	Gas turbine Generator 1 unit	2002	Supply and installation of instrumentation and performance test of turbogenerator
Jesi (Italy)	145	Combined cycle steam and gas 1 GT + Gen. + 1 ST 1 Unit	2001	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Arches (France)	11	Gas turbine Generator 1 unit	2001	Supply and installation of instrumentation and performance test of turbogenerator
Motril (Spain)	39	Gas turbine Generator 1 unit	2001	Supply and installation of instrumentation and performance test of turbogenerator
Blendeques (France)	11	Gas turbine Generator 1 unit	2001	Supply and installation of instrumentation and performance test of turbogenerator
Valladolid (Spain)	38	Gas turbine Generator 1 unit	2001	Supply and installation of instrumentation and performance test of turbogenerator
Donges (France)	12	Gas turbine Generator 1 unit	2001	Supply and installation of instrumentation and performance test of turbogenerator
Piombino (Italy)	108	Gas turbine – generator - centrifugal compressor 1 GT + gen + co/ce	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Alzano Lombardo (Italy)	49	Combined cycle steam and gas 1 GT + 1 ST	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Torrelavega (Spain)	39	Gas turbine Generator 1 unit	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Cap Des Biches (Senegal)	50	Combined cycle steam and gas 1 GT + 1 ST	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Zarqa (Jordan)	8	Gas turbine Generator 1 unit	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Gajano (Spain)	40	Gas turbine Generator 1 unit	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Delimara (Malta)	109	Combined cycle steam and gas 2 GT + 1 ST	2001	Test procedure, supply and installation of instrumentation, performance test of power plant
Trevi (Italy)	2	Gas turbine Generator 1 unit	2001	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Sarmato (Italy)	150	Combined cycle steam and gas 1 GT + 1 ST	2000	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Cologno Monzese (Italy)	40	Gas turbine Generator 1 unit	2000	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Baumgarten (Austria)	25	Gas turbine - centrifugal compressor 1 Unit	2000	Test procedure, supply and installation of instrumentation, performance test of turbocompressor
Sara (Martinica)	10	Combined cycle steam and gas 2 Units with recovery boiler	1999	Test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
S. Donato Milanese (Italy)	20	Cogeneration plant with gas turbines 2 Units with HRSG	1999	Test procedure, supply and installation of instrumentation, performance test of turbogenerators and recovery units - noise level test
Boffalora (Italy)	80	Combined cycle steam and gas 1 GT + 1 ST	1998	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Kidurong (Thailand)	60	Gas turbine Generators 2 units	1997	Test procedure, supply and installation of instrumentation, performance test of turbogenerators - noise level test
Tan Tan (Morocco)	90	Gas turbine Generators 3 units	1996	Plant model, test procedure, supply and installation of instrumentation, performance test of power plant - noise level test
Porcari (Italy)	100	Combined cycle steam and gas 1 GT + 1 ST	1996	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Port Klang (Malaysia)	330	Gas turbine Generators 3 units	1995	Test procedure, supply and installation of instrumentation, performance test of turbogenerators - noise level test
Adnoc (United Arab Emirates)	30	Gas turbine Generator 1 unit	1995	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Adrar (Algeria)	80	Gas turbine Generator 1 unit	1994	Test procedure, supply and installation of instrumentation, performance test of turbogenerator
Livorno (Italy)	149	Combined cycle steam and gas - 1 GT + 1 ST	1993	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
Cremona (Italy)	12	Combined cycle steam and gas - 1 GT + 1 ST	1992	Plant model, test procedure, supply and installation of instrumentation, performance test of combined cycle power plant - noise level test
